

REGISTERING FOR ONLINE SERVICES For Children under 13 years of age

The Parent or Guardian requesting this service must also be registered for online access as the child's access is added to your account. *(If the parent or Guardian does not have their own online access this document will not be actioned.)*

Patient Online Access is a 24 hour online service that enables you to view, book or cancel appointments and order your repeat prescriptions from home, work or on the move.

In order to access the online services you are required to complete the form below and hand it into the surgery with proof of ID **(Birth Certificate or Passport)**. Once your request has been processed you will be issued with your username and password.

When the child reaches their 13th Birthday this access will be removed and the child can re-register for this service in their own right by completing the 13 to 16 years of age consent form

Patient Name	
Date of Birth	
Mobile Number	
Home Number	
Email Address	
Name of Parent / Guardian who wishes to manage the child's online access	
Parent/Guardian's Signature
